Golden Gate Special

United States proof set production underwent a drastic change in 1968. After a three year absence (1965-1967) because of a nationwide coin shortage, proof sets were once again issued — but this time from tne San Francisco Mint! Not only that, but they were now being issued *in* specially designed hard plastic cases. But even more important were the *proof-only* coins contained in these sets.

From 1950 through 1964, the Philadelphia Mint issued for circulation every denomination which is included in the proof sets. However, beginning with the San Francisco Mint's proof set production in 1968, these sets began to contain coins *without* a circulation-strike counterpart. In other words, from 1968 through 1978, forty-nine (49) of the coins contained in these sets were issued only in proof! The *only way* millions of coin collectors can fill the empty Proof-only holes in their coin albums is by purchasing *proof coins* — the very same proof coins included in the proof sets offered in this portfolio! These sets are from the following years:

1968	1970	1972	1974	1976	1978
1969	1971	1973	1975	1977	

Save $7.50 with the purchase of this portfolio! If purchased individually, these eleven proof sets would cost $156. However, by purchasing this portfolio, you can obtain all eleven sets for only $148.50. Order your "S" Mint portfolio today!

Special Notice: Due to the various lead times involved in printing and mailing plus the fact the silver dollar market is extremely active, there is a possibility we may not be able to completely fill your order when it arrives. Therefore, if possible, please list alternate choices. Refunds will be sent on orders which cannot be completely filled. Some dollars you receive may exhibit original toning. This toning in no way decreases their value; in some instances it may actually enhance it. We feel silver dollars should be kept in their natural state. We recommend you do not attempt to clean any toned dollar you receive from us.

Complete 97-Piece Sets of Morgan Dollars —

At Less Than $36 Per Coin!

No single coin has dominated the rare coin market during the last few years like the Morgan Dollar series. Once common and readily available in large quantities from many banks at face value (just 15-20 years ago!), these coins have now skyrocketed in value to a point where even the most common dates are selling for $15 or more in average circulated condition! Scarce and rare dates in the series (and there are many!) are selling for many times $15 each!

For several years, we have offered circulated sets of Morgan Dollars in deluxe bookshelf type albums. In the past few months, however, the task of assembling complete 97-piece sets (lacking only the 1895-P and some varieties) has become most difficult. Dates like the 1889-CC, 1893-S, 1894, 1895-O, 1895-S, 1903-O, and others are becoming very difficult to locate — even in circulated grades. The 1893-S in Good to Very Good is currently selling for $500. Other dates are selling for $100 and more, too.

Now you can acquire a complete 97-coin set of Morgan Dollars for LESS THAN $36 per coin! Each coin will grade Very Good-8 or better and all will be placed in a deluxe bookshelf type album. Due to the previous demand for these complete sets, we urge you to order now. Just call our Rare Coin Department *TOLL FREE* at 1-800-543-2192 to reserve your set. (Ohio residents call direct 1-513-836-8641.)

Remember — many silver dollars have been melted by the government and private industry, thereby leaving a strictly limited number of coins available to collectors. One thing is for sure —the supply is fixed (or even diminishing as many are still being melted) while the demand is steadily increasing for these coins!

Order your set now!

97-Piece Morgan Dollar Set (1878-1921) in Albums (lacking only 1895-P and some varieties, but includes major 1878 varieties), Very Good-8 or better $3489.00

(That's less than $36 per coin — not a bad price when you consider even the most common dates are selling for about $15 and the rarer dates like the 1893-S sell for as much as $550!)

Paramount Is Your U.S. Proof Set Headquarters!

The finest quality! Our buyers are very picky about proof sets! Coins which are badly discolored, hairlined or otherwise undesirable are passed by. If a proof set is not good enough for one of our buyer's personal collections, it is not good enough for one of our customers! But in order to obtain the finest sets available, we naturally must pay a little more. Even so, our customers have repeatedly told us they prefer to pay a little extra for quality.

Note: Please call or write for prices and availability of earlier (1936-1942) proof sets.

SPECIAL SILVER PROOF SET OFFERING

1964 Proof Set. This year contains the only 90% solid silver Kennedy half dollar.

This special silver proof set offering contains ten different United States proof sets issued from 1955 through 1964. While certainly not "Days of Old", this period does represent a time when many of today's coin collectors had not yet started their collections. And that's a shame because several events of numismatic importance took place during that time. Included among these events were:

- the last 90% solid silver coin issued by the United States
- the last of the Franklin half dollar
- the first of the Kennedy half dollar
- the only 90% solid silver Kennedy half dollar (1964)
- the last United States proof set to be struck at the Philadelphia Mint

The ten proof sets comprising this historic offering are from these years:

1955 1956 1957 1958 1959 1960 1961 1962 1963 1964

Save $7 with the purchase of this portfolio! If you were to individually purchase the ten proof sets comprising this portfolio, their combined cost would be $196.
